MOSAICS: Hands ON!

In this class students will begin making mosaic works of art from Day One! No prior experience necessary! Using various ceramic and glass tiles, broken dishes, mirrors, river rocks, (and anything else you can think of!) students will create one-of-a-kind mosaics of different shapes and sizes on objects such as (but not limited to): boxes, mirror frames, earthen pots, or even pieces of furniture!

By the end of the class session (4 weeks), students will feel confident using the materials and tools of the trade – ready to tackle and mosaic project independently!

Z12N◦14yrs-Adult ◦ \$110 ◦ Wednesdays 6:00-8:30pm
